# Sepitone™

Healthy glow from the inside out

Patented fermented wild bilberry extract  
for skin plumping & complexion

**SEPPIC**  
SCIENCE THAT CARES

# Septitone™

Healthy glow from the inside out

## The power of antioxidants supplementation for skin health and beauty

In today's society, youthful skin is prized, especially among younger demographics. They aim to maintain their **healthy glow** while protecting their skin against **aging**. Instead of concealing flaws, the focus is now on **beauty from within** solutions for a holistic approach. Despite stressors causing free radicals, **antioxidants** offer a way to nourish the skin for a healthy and youthful appearance.

### FREE RADICALS<sup>1</sup>

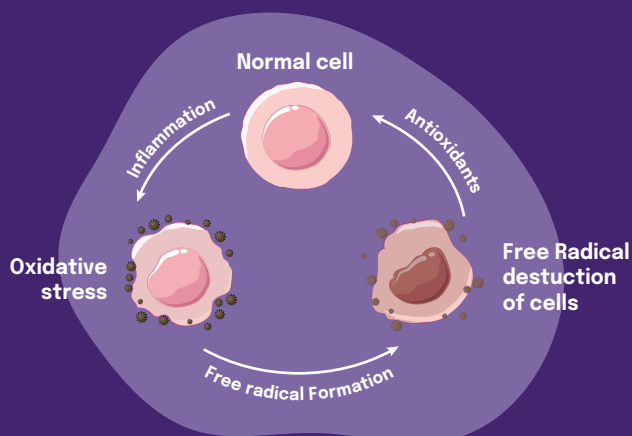

Main negative impacts :

- » Premature aging
- » Skin tone unevenness
- » Skin dullness
- » Skin pigmentation
- » Skin roughness

### ANTIOXIDANTS

Main positive effects :

- » Delay or prevent cellular damage by scavenging free radicals<sup>2</sup>

Recommended daily dose

## Septitone™ your ally for a plumped skin and an even complexion.

Septitone™ is specifically designed, thanks to its powerful antioxidant properties, to protect the skin from **signs of aging, visibly reducing wrinkles for plumped and firmer skin**. Septitone™ also helps to improve **skin complexion evenness** by **reducing redness** and **enhancing luminosity**. This ingredient helps to magnify skin glow from the inside out, for a healthier skin day after day.

In clinical studies, **Septitone™ significantly increased skin antioxidant potential after 84 days of consumption**.

## Premium characteristics

- ① **Fermented wild bilberry :**  
*Vaccinium myrtillus* extract
- ① **Scientifically proven benefits:**  
2 gold standard clinical studies
- ① **Low daily dose:**  
100 mg
- ① **Quick efficacy:**  
first results after 28 days
- ① **Antioxidant profile:**  
polyphenols
- ① **Water-soluble powder**
